CUSTOMER COMMENTS OR NOTES

--

Would you recommend us?

I acknowledge that this is the final inspection on the above project, and I have been given an opportunity to note any punch items which must be complete prior to sign off. I have inspected the structure(s) and work area and have determined the installation is complete to my satisfaction and in accordance with my contract. Any further obligation on the part of () will be solely those established by the warranty program

NOTE: This checklist must be signed and returned to () within () days from the construction completion date, or () will not be held responsible for any damages to the structure. The general warranty will also be considered void until the checklist is received
